Dangerous goods

Special regulations apply for the handling and storage of dangerous goods in the Port of Stockholm. More detailed information about these regulations and guidelines for the transport of dangerous goods are provided by BTC, the Port's traffic department, telephone +46 (0)8-670 28 10.

Notification in advance

Notification of dangerous goods should be made to the Port at the least 24 hours prior to the goods expected arrival at the Port. Notification can be done by fax +46 (0)8-670 26 01 to the Port and Traffic department – BTC. The notification form can be ordered from BTC.

Limitations regarding the handling of specific materials at the Port of Stockholm

Special restrictions are in force regarding the handling of specific materials, these limit the Port's capacity to receive and store such materials.

Additional charges for handling and storage of dangerous goods according to the IMDG code
Costs incurred for special equipment such as protective clothing and other safety equipment or the supervision and taking care of hazardous waste, etc will be charged to the client.

Invoicing principles

All prices exclude VAT.

Payment conditions of 20 days after the date of invoice apply.

In the event of delays in payment, statutory interest on overdue payment, which is made up of a reference interest rate determined by the Swedish Parliament plus an additional 0,8% will be debited.

Liability provisions

The Ports of Sweden's terminal provisions 1989 apply for assignments. The insurance of goods is not included in storage charges. Requisite insurance must be taken out by the goods owner.
