2 General Terms and Conditions

Ports of Stockholm has operations in several ports and annually issues 5 price lists;

- Price list for International Cruise Liners (in accordance with Swedish Maritime Administration regulations, SJÖFS 2019:3, 8 §)
- Price list for Port of Kapellskär
- Price list for Port of Stockholm
- Price list for Port of Nynäshamn
- Price list for Stockholm Norvik Port

All prices stated are valid from 1 January until further notice, however at the latest until 31 December in the year of issue. Ports of Stockholm reserves the right to revise price lists at any time, and current price lists are always available on www.portsofstockholm.com.

According to Swedish Maritime Administration regulations (SJÖFS 2013:4) the Port of Stockholm, Port of Kapellskär and Port of Nynäshamn are classed as public ports. In accordance with Swedish Law (1981:655) governing certain tariffs at public ports, Ports of Stockholm has the right to charge dues if quays, jetties or similar facilities within the port area that belong to the port owner have been called at or utilised.

Harbour dues, according to a fixed rate as set out in this price list, or according to special agreements, are payable for vessels calling at or leaving public port areas and for goods, passengers and vehicles accompanying these vessels.

For comprehensive details of terms and conditions please refer to Ports of Stockholm's Port Regulations and Ordinance information, which is available on www.portsofstockholm.com.

Invoicing of harbour dues according to this price list occurs after the vessel's application, which the vessel's master, ship owner or representative for any of these shall submit in accordance with Ports of Stockholm's Port Regulations and Ordinance instructions.

When the vessel is exempt from the obligation of submitting a vessel application, the vessel's master shall submit to Ports of Stockholm the data necessary to establish the amount of the harbour dues. Special regulations apply to vessels with permanently allocated berths.

Information about the goods loaded or unloaded shall be submitted to Ports of Stockholm four (4) days at the latest after the completed loading or unloading. Ports of Stockholm is entitled to demand provision of any information necessary to satisfy the requirements of Swedish Authorities, or information necessary to establish the amount of harbour dues, or to satisfy other needs of Ports of Stockholm for information, such as to facilitate logistics planning.

Harbour dues charged according to GT (Gross Tonnage) are based on GT in accordance with Lloyd's Register (1969 measurement regulations), or alternatively the submitted Tonnage Certificate.

Harbour dues charged by the day are based on a time period beginning and ending 00:00 – 24.00, unless otherwise stated.

In the event that Swedish Authorities decree that special tariff provisions shall be levied for the vessels of specific nations or for specific types of vessels, these provisions will apply unreservedly.

Ports of Stockholm's port facilities are approved by the Swedish Transport Agency as compliant with maritime and port security legislation. This means that various types of security measures are implemented depending on the prevailing security threat level.

Ports of Stockholm may agree specific contracts with shipping companies/other companies using the port facilities regarding security measures for security threat level 1, and how such measures shall be financed. For elevated security threat levels, Ports of Stockholm may implement additional security fees, based on the actual costs incurred due to the elevated security protection measures. Shipping companies operating year-round scheduled services must agree a specific contract with Ports of Stockholm regarding maritime and port security.

Ports of Stockholm is a member of the Ports of Sweden organisation and implements Ports of Sweden General Conditions 1989 for terminal operations.

This price list is issued in Swedish with an English translation. In the event of inconsistencies between the Swedish and English versions, the Swedish version shall prevail.

2.1 Invoicing Principles

The invoiced amount is rounded-up to the nearest whole Swedish Crown (SEK). Invoiced amounts must be paid to Ports of Stockholm 20 days at the latest after the date of invoice, unless otherwise agreed. In the event of late payment, a statutory interest rate

will be debited in accordance with Swedish Law (SFS 1975:635). A remuneration fee for issuing a written reminder will be debited in each instance in accordance with Swedish legislation governing the remuneration of collection expenses (SFS 1981:739).

VAT will be added on all charges in accordance with Swedish law, unless the business or the vessel is exempt from VAT or it is otherwise stated that the prices include VAT. Requirements for advance payment may apply.

As part of Ports of Stockholm's efforts to minimise environmental effects, invoices may be issued by email. Please send your company name, customer number and email address to debitering@stockholmshamn.se. Invoices will then be sent to the stated email address.

3 Merchant Shipping

3.1 Vessel Dues

Tariff	Description	Price/unit
Basic fee *1		4.74 SEK/GT
	When calling quay not belonging to Ports of Stockholm or when exempted for waste delivery *2	4.09 SEK/GT
	Minimum charge	2,372 SEK/GT
ISPS-fees *3	see Harbour service, Establishment of temporary perimeter protection and Security Guards	

3.2 Cargo Dues

Goods code *4	Description	Price/unit
Container fee *5		469.14 SEK/cont
Passenger fee *6		22.61 SEK/pax
Vehicle fee *7	Private car	29.96 SEK /vehicle
	Cargo vehicle	23.77 SEK/lm
	Bus	52.32 SEK /vehicle

3.3 Terms for Vessel and Cargo Dues and Rebates

*1 Harbour dues for vessels are levied each time a vessel puts into port. The harbour dues for the vessel include the depositing of waste generated by the vessel in accordance with applicable laws and regulations. If notification has not been made within the prescribed time prior to arrival or other breaches against current regulations, the additional costs incurred can be debited. Vessels with a gross tonnage (GT) below six (6) are exempt from dues. If a vessel calls at the port and uses a dock or pier, which does not belong to the Port of Stockholm, the harbour dues listed above will be reduced. The same discount

applies to vessels which are lying at a buoy without calling into berth within the port area. From January 1st, 2012 the fee is always calculated on the GT without regard to possible deduction for segregated ballast tanks and calculated on a minimum of 500 GT. For barges, the vessel dues are calculated on the gross tonnage of the barge excluding tugboat/pusher. For dues that apply for international cruise traffic pursuant to SJÖFS 2017:27, 8 §, refer to the separate price list.

- *2 This price applies when a competent authority has granted a vessel in regular service, an exception from compulsory delivery of all waste generated from the vessel.
- *3 For vessels covered by IMO port facility security code requirements that berth at quays at which there is normally no security monitoring. See further information at section Harbour Service.
- *4 Dues on goods are debited for goods that are unloaded or loaded from or onto vessels within the port area. Half of the dues on goods will be levied for goods loaded or unloaded without being moved across a quay or jetty owned by the Port or when lightering is performed at a buoy.

The following conversion factors apply for timber:

- Round timber 850 kg/m³, solid volume under bark
- Sawn wood, import, 700 kg/m³, solid volume
- Sawn wood, export, 550 kg/m³, solid volume

Exceptions from dues on goods;

- ship's requisites and provisions,
- containers, platforms or other load carriers of a permanent character intended as a means of transport and which do not make up an independent commodity,
- goods that are unloaded or loaded from or onto a vessel as set out in "State ships"

- *5 Fee for each loaded container being loaded or discharged.
- *6 Passenger fee is applicable for each embarking and disembarking passenger.
- *7 Vehicle fee is applicable for each vehicle in service that accompanies a vessel to or from the port.

3.4 Environmental Rebates

Ports of Stockholm offers environmental rebates for vessels affiliated with either CSI (Clean Shipping Index) or ESI (Environmental Ship Index). For CSI rebate, the index score is calculated as the total sum of the allocated/verified points in the Sox/PM, NOx and CO2 categories.

Vessels that are not operating regular liner services must request the rebate when submitting the ship’s notification form and for the CSI rebate send a copy of the certificate together with the ship’s notification form. Ports of Stockholm also reserves the right to request additional documentation supporting the stated ESI score.

The rebates stated, are based on the ”Basic fee” for vessel dues and in case of any reductions the environmental rebates will be reduced proportionally. In cases where the vessel is affiliated with both CSI and ESI, the choice of index is at the vesselowner’s discretion.

3.5 Lay-Days Tariff

A lay-day tariff is applied when a vessel is docked for more than 48 hours at a quay belonging to Ports of Stockholm in total before unloading/loading starts and unloading/loading has been completed. A lay-day tariff is always payable for passenger vessels 48 hours after the vessels has put into port. The lay-day tariff is levied when caused by conditions that the Ports of Stockholm cannot prevail over.

The lay-day tariff is payable per started 48 hour time period and is **25%** of the current harbour dues for vessels.

3.6 State Ships etc.

Harbour dues are not levied for Naval, Coast Guard, Customs, Sea Rescue, School vessels and vessels belonging to the Swedish Maritime Administration unless the vessels are being used for commercial purposes. Lay-days tariff, as per above will be levied when the port visit exceeds 72 hours and the vessel is not used directly for official duties within the port.

The lay-day tariff is payable per started 48 hour time period and is 25% of the current harbour dues for vessels.

Other services such as ISPS, mooring, delivery of fresh water and electricity, can be found in section harbour service.

3.7 Quay Storage

Goods/units that will be loaded or has been discharged from ferries/RoRo vessels in the port will be debited Quay storage fees if left in the port more than 72 hours before loading or 72 hours after discharge. The fees will be debited the ferry/RoRo liner company which has been or will be shipping the goods. The fees are calculated per initiated 24 hour period. The minimum charge also applies when ordered freshwater delivery is cancelled less than 24 hours before arrival.

5.1 Terms and Conditions of Supply

The customer must follow the instructions provided by the Ports of Stockholm personnel with regard to the supply of water and must also provide the necessary assistance to receive the materials aboard the vessel and ashore.

The customer must ensure that the vessel's water tanks have sufficient venting capacity in relation to the supply capacity and that the tanks and coupled tubing are in such condition that these will not result in damage to the equipment.

The water hydrants may only be used for the customer's own vessel operations. The key to the water hydrant provided by Ports of Stockholm must be returned when the water supply delivery has been completed. Remuneration for a lost or damaged water hydrant key must be made by the customer in the form of payment of the equivalent cost of ordering and manufacturing a new replacement key. The customer is not allowed to use their own tools or keys to access a water hydrant and must only use the water hydrant with a water hydrant key supplied by Ports of Stockholm.

In each instance the customer must provide information about the volume of the supply in accordance with Ports of Stockholm's instructions. If there is leakage in the customer's facility or in other instance of unusual volume of supply a supplementary fee for the unusual volume of supply may be charged.

During connection, use or other instance the customer is not permitted to cause damage to the water hydrant or other property administered by Ports of Stockholm. Ports of Stockholm accepts no liability for damage incurred by the customer in connection with the supply of fresh water or other instance other than when a Ports of Stockholm employee has been guilty of negligence. Damage compensation in every case is limited to the direct damage only and there is no entitlement to compensation for loss of income or other indirect damage.

The customer is also bound by the corresponding liabilities and limitations that apply to the property owner in accordance with the Nynäshamns kommuns general provisions for use of communal water and drainage facilities in Nynäshamn (Allmänna bestämmelser för brukande av Nynäshamns kommuns allmänna vatten- och avloppsanläggning (ABVA)).
